Stevens Legal Staffing to be Acquired by Mattson Resources and Haley Stuart Group of Companies

Legal Staffing Boutique to Capitalize on Synergies with its New Affiliates

California – Stevens Legal Staffing announced Monday, January 18, 2010 its joint acquisition by Haley Stuart Group and its affiliate, Mattson Resources. Terms of the deal, effective January 18, 2010, were undisclosed.

Stevens Legal Staffing, headquartered in Orange County, CA was founded in 2008 by Lynda Stevens. Ms. Stevens is a 15 year veteran of the legal staffing industry, including 13 years at a national legal staffing firm where she most recently served as its Executive Director. “Our clients and consultants are in great company, as we join forces with Mattson Resources and the Haley Stuart Group family,” said Stevens. “I’m thrilled to have this opportunity to greatly strengthen our collective service offerings. I look forward to collaborating on the delivery of exceptional legal staffing solutions to a national client base.” Stevens will continue to lead the Stevens Legal Staffing business, operating from Mattson Resources’ state-of-the-art offices. “We expect to significantly expand our legal staffing platform and are excited about the chance to utilize our collective years of legal staffing experience from coast-to-coast”, said Jean Weiner, Executive Vice President of Haley Stuart Group. “As the legal market continues to recover, there’s no doubt we are well-positioned to provide the talent our clients require on a project or direct-hire basis.”

Linda Elder, President of Mattson Resources added that “Stevens Legal Staffing is the right addition to our staffing offerings and we continue to seek out opportunities to better serve our existing and future client base.” She further added that “while the national unemployment rate has more than doubled since 2007, the unemployment rate for experienced, college-educated professionals has not experienced the same meteoric growth. This very well explains why we continue to hear from our clients that finding the right talent in this market hasn’t been as easy as initially expected.”

About Haley Stuart Group: Haley Stuart Group, founded in 1989 by Cindi Crepea, and headquartered in the metropolitan New York City area, initially operated as Haley Stuart, a full-service legal staffing firm serving that region. Haley Stuart Group now operates multiple divisions, servicing its clients on a national basis. In 2005, it launched Pivotal Search Group, a specialty retail and apparel industries executive search firm. In early 2009, it acquired CCN Resources, a 20 year old IT staffing firm.
